

Tire Shine

Specifications & Properties

Flash Point: N/A

Physical State: White liquid

Flammable: No

Description

Tire Shine This product is a viscous white liquid that revitalizes and restores the original shine of tires, soft vinyl trim and black rubber bumpers.

Features & Benefits

- Economical concentrate
- Safe on all surfaces

Applications

- Automotive
- Heavy Equipment

Directions

Tire Shine Best results are achieved when sprayed directly onto the surface and allowed to dry. It may also be applied with a clean dry cloth or sprayed on and wiped to ensure an even application on the entire surface. Shake well before use.

Packaging & Handling

Tire Shine is available in 4L, 20L, 205L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers.
