

Truck Wash & Soot remover

Specifications & Properties

Flash Point: N/A

Physical State: Clear blue liquid

Flammable: No

Description

This product is a concentrated product ideally suited for removal of carbon soot generated from exhaust. It is also an effective cleaner and degreaser for industrial trucks, trailers, equipment and buildings. This product is formulated with an exceptional emulsifier package, high alkalinity and excellent solvency to tackle the toughest soil. This biodegradable degreaser leaves a protective film on metals and prevents flash rusting

Features & Benefits

- Exceptional Health & Environmental Safety
- Superior rinsing profile
- Safe on all surfaces

Applications

- Heavy Equipment and Trucks
- Pipeline equipment
- Drilling Equipment

Directions

This product is ideally applied with a pressure washer using hot water. Rinse off completely. For soot removal and heavy-duty degreasing of engines, parts and tires, dilute product 5:1. For light duty degreasing and cleaning, dilute product up to 100:1.

Packaging & Handling

is available in 4L, 20L , 205L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers.
