

Natural Foam Wash

Specifications & Properties

Flash Point: N/A

Physical State: clear liquid

Flammable: No

Description

Natural Wash is a fully biodegradable and highly concentrated alkaline detergent ideal for cleaning heavy soil from most surfaces. This product is formulated with an effective blend of fully biodegradable water softeners, surfactants and natural soap. When used with a foam gun, it produces very rich and stable foam, enhancing vertical cling time and cleaning performance. This product is formulated with an effective blend of fully biodegradable water softeners, surfactants and natural soap.

Features & Benefits

- Non-corrosive to skin
- Readily biodegradable
- Phosphate free
- Low odor

Applications

- heavy duty equipment
- tractors, trailer
- vehicles, RVs
- holding tanks, vessels, etc.

Directions

For ultimate performance, apply with a foam cannon using hot water. Cooler water or a pressure washer may also be used. This product is effective in hard or soft water conditions.

Effective cleaning is achieved for most surfaces at a 1:100 dilution (1%). For extra heavy duty soils, use up to a 1:50 dilution (2%).

Allow as much dwell time as possible without permitting the foam to dry on the surface

Packaging & Handling

Available in 4 L, 20L, 208L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers.
